GENERAL INFORMATION

WHAT TO EXPECT AT THE HOUSTON FARMERS MARKET

R-C Ranch Texas Craft Meats, Underbelly Burger, Wild Oats, Egg House, and Crawfish and Noodles, are all open along with our produce merchants in the open-air markets and produce warehouses. We are in the process of building out the spaces for more restaurants and other retail shops like Henderson & Kane General Store. Our produce merchants carry many types of unique tropical fruits, peppers, vegetables, and spices that can't be found in traditional grocery stores or other farmers markets. All of our merchant's businesses are locally owned, and for the most part, family operated. Be sure to come with money on hand as many of them only accept cash!

RESTROOMS

Restrooms are available on the West side of the Braun Building, and the East side of the Strack Building. Please see the Market Map for details.

PARKING

There are nearly 600 parking spaces available at the Houston Farmers Market. Please enter the property either through the front entrance off of Airline Drive, or the 2 entrances off of Service Street. Our parking lots are interconnected, so once you enter the Market, you can access both the front, side, and rear parking lots. Please see the Market Map for more details.
